Undergraduate Internship Report

Program: B.E CSE
Department: Nanobiomaterials
Academic Year: 2025-2026

Internship Duration: 04-08-2025 to 04-10-2025
Name of Student: D. Dhanuja
Register Number: 192311427
Batch: 2023–2027
Internship Organization: Altruisty Innovation Pvt Ltd
Supervisor in Company: Siva Satya (CEO)

1. Internship Completion Certificate

CERTIFICATE OF COMPLETION

DATE: 28-09-25

This is to Certify that D Dhanuja has Successfully Completed a 2 Months of Internship at Altruisty Innovation Pvt Ltd, from 04-08-2025 to 04-10-2025, in the Domain of Python Full stack Development.

Throughout the Duration of the Internship, D Dhanuja has Demonstrated Remarkable Growth and Development, Gaining Valuable Experience and Insights Into The Field of Python Full Stack Development.

Their commitment to learning and adapting to new challenges reflects Altruisty's core values of excellence and innovation.

We hereby acknowledge D Dhanuja for Her outstanding performance and dedication during the internship tenure.

Best Regards,

2. Student Declaration

I, D. Dhanuja, a student of B.E Computer Science in the Department of Nanobiomaterials, solemnly affirm that the internship experience documented in this report reflects my direct involvement in a formal organizational setting, actively engaged in industry-relevant operations.

During the internship period from 04-08-2025 to 04-10-2025, I was entrusted with tasks and responsibilities that were integral to the company's ongoing functions. The insights and observations included herein are a true representation of the work culture, technical exposure, and professional interactions I encountered.

This report has been prepared based on actual experiences and contributions during my time with the organization. I have abided by the professional conduct expected of an intern and ensured that the contents of this document are factual, original, and aligned with the intended academic and industrial learning objectives.

3. Company Overview

- Name of the Company: Altruisty Innovation Pvt Ltd
- Nature of Business/Industry Sector:
Python Full Stack Development
- Brief History & Overview:
Altruisty is a technology-focused organization that provides training, consulting, and practical exposure in modern IT domains such as full stack development. The company focuses on bridging the gap between academic learning and industry requirements by offering structured internships and hands-on technical training. Altruisty emphasizes skill development, real-time demonstrations, and industry-oriented learning.
- Location(s): #781 to 785, 8th Floor, Tower 3, Rayala Towers, Anna Salai, Chennai-600002
- Products/Services Offered:
 - Python Full Stack Development Solutions
 - Web Application Development (Frontend & Backend)
 - IT Skill Development Programs
 - Internship and Certification-Oriented Training
- Major Clients/Projects:
 - Web-based application development projects
 - Full stack development training programs for students
 - Real-time software development and deployment projects

4. Internship Role and Objectives

- Internship Title/Designation: Python Full Stack Developer Intern
- Department/Division Assigned: Software Development / Full Stack Development
- Reporting Manager/Supervisor: Assigned Technical Mentor (Altuisty Innovation Pvt Ltd)
- Internship Objectives (as provided by the company):
 - To provide fundamental and practical knowledge of full stack web development using Python
 - To train interns on frontend and backend technologies
 - To enable students to understand real-time web application development and deployment

5. Work Description

- **Tasks Assigned:**
 - Learning core concepts of Python programming and web development
 - Developing frontend interfaces using HTML, CSS, and JavaScript
 - Working on backend development using Python frameworks (Flask/Django)
 - Creating and managing databases (MySQL/SQLite)
 - Implementing CRUD operations for web applications
 - Understanding API integration and request handling
 - Following coding standards and best practices
- **Tools / Technologies / Software Used:**
 - Python (Flask / Django)
 - HTML, CSS, JavaScript
 - MySQL / SQLite Database
 - VS Code / PyCharm
 - Web browsers and development tools
- **Real-Time Projects Participated In (with details):**
 - Implementation of database-driven applications with user authentication
 - Designing responsive frontend interfaces
 - Integration of backend logic with frontend component
 - Development of dynamic web applications using Python full stack technologies
- **Meetings / Interactions Attended:**
 - Regular training sessions conducted by mentors.
 - Interactive doubt-clearing sessions.
 - Progress review and feedback discussions.

6. Learning Outcomes

- **Industry Exposure Gained:**
 - Exposure to real-world full stack environments and industry practices.
 - Understanding web applications are developed, tested, and deployed
- **Skills Acquired (Technical / Managerial / Soft Skills):**
 - Python programming
 - Full stack development (Frontend + Backend)
 - Database management
 - API handling and integration
- **Understanding of Industrial Workflows:**
 - Learned how applications are designed, developed, tested, and maintained in professional environments
- **Contribution to Team / Project:**
 - Successfully completed all assigned full stack tasks and practical exercises.
 - Demonstrated consistent learning progress and task responsibility.
- **Comparison with Academic Learning:**
 - Academic learning focused mainly on theoretical concepts, whereas the internship provided practical exposure.
 - The hands-on experience helped in better understanding and application of classroom concepts.

7. Challenges Faced and Solutions

- **Technical or Operational Challenges:**
 - Difficulty in understanding full stack architecture during the initial phase.
 - Managing database permissions and avoiding misconfigurations.
- **How They Were Resolved:**
 - Continuous practice using code.
 - Guidance and support from mentors.
 - Referring documentation and training materials.

- **Feedback from Supervisor:**

- Received constructive and positive feedback regarding learning attitude and task completion.

8. Reflection and Conclusion

- **Overall Experience:**

The internship experience at Altuisty Innovation Pvt Ltd was highly informative and enriching. It helped in developing both technical knowledge and practical skills related to full stack.

- **Career Relevance of the Internship:**

This internship is highly relevant to my career aspirations in software development and information technology, as it provided real-world exposure to various platforms.

- **Suggestions for Future Interns:**

- Practice coding regularly to gain confidence.
- Actively participate in training sessions and ask questions.
- Explore documentation to deepen understanding.
